

VACANCY AVAILABLE

Position : Unlicensed Aircraft Maintenance Engineer
Department : Contracts
Location : Lanseria Airport
Reporting to: Hangar Manager

Please note this advertisement is open to External applications

National Airways Corporation is seeking to expand its Contracts Division and is looking for an Unlicensed Aircraft Engineer who meets the following requirements:

JOB REQUIREMENTS:

- Minimum two years of combined experience on Learjet 35 and Honeywell TFE-731 engine types.
- Experience with the following aircraft types is beneficial:
 - Beech 200
 - Beech 300 series
 - Beech 1900D

OTHER REQUIREMENTS

- Qualified aircraft mechanic.
- Willingness to travel and undertake contracts lasting between 6 to 9 weeks.
- Willing to travel to high-risk areas.
- Valid travel documents (passport, police clearance and yellow fever card)
- Ability to work overtime and be on standby when required.
- Team player with cooperative instincts but also able to work independently.
- Must be able to work well and productively under pressure.

PERSONAL ATTRIBUTES:

- Ability to work independently and as part of a team.
- Strong attention to detail, working with precision and accuracy.
- Ability to approach complex problems with an impartial and objective attitude.
- Safety-conscious and technically minded.
- Self-disciplined, with a focus on practicality and caution.
- Ability to communicate tactfully and diplomatically.
- Quick to adapt to new situations and receptive to unexpected circumstances.
- Willing to take responsibility for individual actions and seek the support of a team leader or supervisor when necessary.
